

Masterclass Anesthesia for Robotic Surgery

4th and 5th November, 2022

Hospital da Luz Learning Health Simulation Center
and Hospital da Luz Lisboa auditorium

Programme

Day 4

08h30 **Welcome session / Pre test**

THEORETICAL

09h00 **Pathophysiological changes**

10h00 **Pre-anesthetic evaluation**

10h30 **Type of anesthesia**

11h00 Coffee break

11h30 **Ventilation**

12h00 **Perioperative pain management**

12h30 **Complications**

13h00 Lunch

PRACTICE | LIVE ANESTHESIA

14h00 **RARP robotic prostatectomy**

15h30 **Robotic bypass**

Day 5

THEORETICAL

09h00 **The surgeon's view**

09h30 **How to optimize robotic surgery? Costs and duration of procedures**

10h30 Coffee break

11h00 **ERAS in robotic surgery**

12h00 **Ambulatory for robotic surgery pro/con**

13h00 Lunch

PRACTICE

14h00 **Simulation scenarios**

Scenario 1

Scenario 2

Scenario 3

15h30 **Self try positioning and robotic test drive**

16h30 **Evaluation**

Support:
